Site for sore eyes

Improvements including a compost materials drop of point, hardcore and crushed concrete repairs to tracks and roadway have been happening on site. Thanks to all plot holders who donated their time and energy to help. **You don't have to be on the committee to help out on site, many of the people who help with site improvements are not!**

If you would like to help with site improvement or events please do contact: Anthea site rep plot 326/327 (just inside Collingwood Road entrance) phone 7736360611; any committee member (list on trading hut notice board)

Gardener's Tip

If you still have crops in that you sowed or planted last year, then they would benefit from an NPK fertiliser
