

WOMEN! Farmers can't grow all your vegetables

You must grow your own. Farmers are growing more of the other essential crops—potatoes, corn for your bread, and food for the cows. It's up to *you* to provide the vegetables that are vital to your children's health—especially in winter. Grow all you can. If you don't, they may go short. Turn your garden over to vegetables. Get the older children to help you. If you haven't a garden ask your local council for an allotment. **DO IT NOW.**
